About the Author

Lee McIntyre is a 27 year old school teacher from the North West of England. He qualified from University with a Law degree, but turned down the well paid, and prestigious, career path that was followed by his friends and colleagues.

Instead, Lee followed his passion by teaching Business and Economics to under privileged children in a tough city school. Lee is proud to have mentored a group of under achieving 16 year olds, helping them to set up their own successful internet retailing business, an accomplishment that he believes surpasses anything he has himself achieved online.

He started selling on eBay a year ago, and after struggling to survive in an extremely competitive niche, developed an innovative system to profit from eBay by building a powerful marketing funnel.

After making these changes, Lee was able to steal market share from his competition by slashing his prices, while also trebling his profits.

Lee's real passion is teaching, and he relishes the opportunity to share what he learns in his weekly newsletter, which can be found at www.Lee-McIntyre.com.

Lee also hopes to turn his blog at www.Lee-McIntyre.com/blog into an online learning center, where newbies and experienced marketers alike will be able to find marketing advice and guidance.

Lee's first Internet Marketing product, [Auction Profits Unleashed](#), won widespread acclaim from marketers across the globe. Lee's new site, [Standing Start Profits](#), is following the same path and is currently receiving rave reviews from everyone lucky enough to see the inside.

An Interview With Lee McIntyre

Hi All,

It's my pleasure to take part in this interview, with one of the Lee-McIntyre.com subscribers.

I've done a lot of things online for the past year, but none have made me as proud as [Standing Start Profits](http://StandingStartProfits.com).

Enjoy the interview, and get in touch if you have any questions at all.

Mark: Can you tell us about [Standing Start Profits](#)? Could you sum it up in a nutshell?

Lee McIntyre: Well there's so much inside [Standing Start Profits](#) that I think it would be a bit too difficult to sum it up in a 'nutshell'.

But I'll do my best....

[Standing Start Profits](#) is a membership site with a difference.

On the inside, you get to watch video after video where I share my most closely guarded and profitable secrets.

You also get to enjoy expert interviews with people who I look up to and admire, as well as downloading free ebooks, which would normally cost you lots of money to buy.

But without a doubt, the best bit is the mentoring forums.

There is a real sense of community, and people are taking action. Our members jump onto the forums, ask a question and then minutes later they are piled with answers.

I've never seen anything like it! In fact, I can't even get my answer in, before the other helpful members have answered it for me!

Mark: There are obviously lots of membership sites out there at the moment. What makes Standing Start Profits different?

Lee McIntyre: You're right, there are lots of other sites out there. I know because I'm a member of most of them!

But where else does a marketer reveal their most profitable secrets, week after week?

While other marketers make money by protecting their secrets,

within [Standing Start Profits](#) I prosper by sharing mine.

If you want to join a membership site where you log in once a month and download some tired old content, then this is NOT for you. If however, you want to join a living, breathing community and discover the real secrets to making money online AND receive expert mentoring, then [Standing Start Profits](#) is the place for you.

Mark: In the first month of [Standing Start Profits](#), you interviewed Kevin Riley, Dean Shainin, James Penn and Dr Mani. Who do you plan to interview in future months?

Lee McIntyre: I'm determined to interview marketers who inspire me to take action. I'm really not interested in interviewing someone who's supposedly a 'big' name, just because that's who everyone thinks I should interview.

Inside [Standing Start Profits](#) you will only find interviews with

marketers who I respect and admire. And there will only be interviews with people who we can all learn a lot off too.

And if you think the first month's interviews were good, wait until you hear who I've got lined up for the future!

Mark: You earned \$7230.95 in 30 days from scratch. Do you REALLY think it's possible for anyone to do the same from a standing start?

Lee McIntyre: Absolutely! When you know what you're doing, then making money becomes easy. It's my job to teach people exactly what to do.

Inside [Standing Start Profits](#) I'm giving people a road map to big profits from day one. I have no doubt at all that if you followed my plan then you would make huge profits in month one.

It took me almost a year to figure out how to make money online. When you join [Standing Start Profits](#), I can teach you in a day what I learned in a year.

Mark: Do you think everybody who joins [Standing Start Profits](#) will make lots of money online?

Lee McIntyre: Everybody who joins [Standing Start Profits](#) will have the tools and the resources to go out and make HUGE profits. But even though I'm laying it all on a plate for you, it's still hard work.

And sadly, many people won't take action. But those that do take action will get massive rewards, and I'll be there with them every step of the way.

Mark: Do you think making money online is easy?

Lee McIntyre: Once you know what you're doing, the

'process' is easy. Like when you bake a cake, you know that if you follow the recipe you'll have a nice tasty cake at the end.

Well making money online is the same. Once you know the process then you just have to do it over and over again and the rewards will follow.

But actually following the process can be real hard work at times. I often work really long hours following the process, but the rewards at the end of it more than make it worth my while.

If you're prepared to learn and to take action then you can make just as much money as me. Or even more!

But don't be fooled into thinking it won't be hard work. It will be hard, but it's made much easier when you KNOW that you'll earn money as a result.

Mark: Why did you decide to create [Standing Start Profits?](http://www.StandingStartProfits.com)

Lee McIntyre: As my subscribers know, I'm a teacher by trade. Teaching people is what I love, and it's what I do best.

To me, [Standing Start Profits](#) is just an extension of the classroom. I wanted to create a site where I could share my knowledge and expertise with others too.

My ebooks, such as [Auction Profits Unleashed](#) and [Auto Auction Income](#), are fantastic but I wanted to take things a step further.

Instead of producing a static book, I wanted to produce a virtual classroom where marketers of all experience levels could get the help and support they need, in real time.

Teaching gives me the most satisfaction. Helping people on the [Standing Start Profits](#) mentoring forums gives me the biggest buzz online!

Mark: Where do you see the [Standing Start Profits](#) community heading over the next year or so?

Lee McIntyre: Over the next year, I aim to share my experiences with the community, as they happen. I'm not going to hold anything back and I'm going to reveal it all.

I expect to see [Standing Start Profits](#) members successfully releasing ebook after ebook over the coming months.

Before the end of the year, I firmly believe that one of our current beginners will have released a product more successful than my own. And I will be glad just to have helped in any way possible.

Mark: How soon can someone get access to [Standing Start Profits](#) once they join?

Lee McIntyre: [Standing Start Profits](#) is fully automated, meaning that you can join by clicking [HERE](#), and then seconds later you'll be looking around on the inside.

I always try and say hello to our new members personally, but even I have to sleep sometimes! You might need to wait a few hours for a very personal Lee McIntyre handshake.

But, the beauty of our site is that we have members from all over the world. No matter what time zone you're in, when you join you'll always find some helpful members ready to say a big and warm hello.

We're a big family here, and we like to welcome everybody with open arms.

I truly believe that there is not another site on the Internet like [Standing Start Profits](#).
